

Long Beach Waterfront Warriors Committee Who We are and What we Do!

The Long Beach Waterfront Warriors committee is made up of members of the local community who are committed to helping those who have sacrificed to preserve our freedom. Our goal is to bring comfort and relaxation to the soldiers and their families when they visit Long Beach July 24 through 29th, 2010.

Last year's visit was a heartfelt and rewarding experience for all of the volunteers, soldier liaisons and house hosts! We hope you will join us this year for an even great event!

Through your donations, we can help show our support for these men and women who have served our country with great courage.

The visit to Long Beach is not the only way we support veterans! Last year we provided:

- 220 packages to soldiers overseas during our "Holidays for Heroes" campaign
- a 16x16' Blue Ray movie screen to Northport VA Hospital veterans
- transportation for parents to visit soldiers recuperating at Walter Reed Medical Center in Wash, D.C.
- funding for emergency medical services & evaluations
- funding for educational assistance for soldiers

Anyone wishing to volunteer, to hear about events planned for their visit or to purchase commemorative t-shirts are welcome to attend the meetings. T-shirts will be also be sold at boardwalk festivals during the summer.

Information about upcoming fundraisers, future meetings and updates on July events will be published at: www.lbwaterfrontwarriors.org

The next public meeting will be announced soon.
